

Our kids mean the world to us, and we realize that leaving them in child care while you attend JAM might be a little tough for one reason or another. To help put your mind at ease, we want you to know all about our Jammies program.

The leaders of this program are so incredibly excited to watch over your child while you enjoy your 'me' time! They have completed the Safe Church training process which includes a thorough background check, fingerprinting, application completion and had 2-3 references checked.

During Jammies, children will:

- ❖ Have time for free play with toys.
- ❖ Have time for structured play, such as organized games or adult led imaginary play.
- ❖ Enjoy a snack.

Our goal is to give children the opportunity to socialize and make friends during their time together!

Should you have any questions or concerns about Jammies, please feel free to contact us. You can send general questions to us via email at [jam@svpc.us](mailto:jam@svpc.us) or give me a call any time.

Warmly,

Carol Heath, Director of Family Ministries

Sunnyvale Presbyterian Church
